Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels,

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

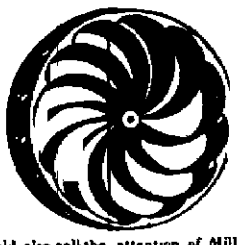
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them, with the same head and quantity of water applied as possessing and combining *more Strength and Speed* and giving a more *uniform* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks) and will also run *longer* and *Saw more Lumber* under a low head than any other Wheel in use.

Another advantage which the Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the 'drift stuff' to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills, and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts now used.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by "THAMAR A. BEARD Esq *Civil Engineer*—Lowell Mass who is well known as one of the most Scientific and experienced practical Engineers in this country

This wheel is formed with curved floats the number depending upon the size and venn of the Wheel each extending so far around the Wheel, that when the water arrives at the jets its pressure is so far expended that it falls very near perpendicular from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, he column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it providing the head rises in a freshet as fast as the back water But a Wheel with the jets rightly guaged for a high head will not answer for a low one and vice versa for as the head increases, the width of the jets should be proportionably decreased so that the water may not issue to waste, and not give its best effect to the Wheel

In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless is less liable to need repairs, and is accessible when they are needed, costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop — Simplicity of structure durability of parts, convenience of application and excellence of power are the grand points of recommendation for this Wheel

THAMAR A BEARD *Civil Engineer*"

The Edinburgh Review,

The North British Review,

The Westminster Review,

AND

Blackwood's Edinburgh Magazine.

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—BLACKWOOD'S MAGAZINE being an exact *fac simile* of the Edinburgh edition

They embrace the views of the three great parties in England—Tory, Whig and Radical— Blackwood' and the 'London Quarterly' are Tory, the 'Edinburgh Review' Whig, and the 'Westminster Review' Radical The North British Review is more of a religious character, having been originally edited by Dr Chalmers, and now, since his death, being conducted by his son in law, Dr Hanna associated with Sir David Brewster Its literary character is of the very highest order

Prices for 1848 *(if subscribed for early)*

CLUBBING

Four copies of any or all of the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

EARLY COPIES

A late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work, by which we shall be able to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals For this and other advantages secured to our subscribers we pay so large a consideration that we *may* be compelled to raise the price of the Magazine Therefore we repeat, *'subscribe early while the price is low'*

Remittances and communications should be always addressed, post paid or franked, to the publishers,

STAVE DRESSER.

THE Subscribers have in operation at Parsons & Barbour's Planing Mill, near the Portland Railway, Julion's Stave Dresser It is believed this Machine involves the only principle that can dress a riven, crooked or wind ng Stave This it will do in a perfect manner and with a rapidity corresponding with these days of steam locomotion

It will dress three thousand hhd staves per day, and more if you wish, and as many barrel staves as a man can handle

It requires two jounters to compete with the dresser, requiring only three men to attend the three machines, all is done in a handsome manner, the joints are perfect so much so that coopers in New Bedford have purchased it for the purpose of manufacturing oil casks

The tending the machines is much less laborious than dressing staves in the usual way It will be seen from the above statement that shooks can be manufactured for half the expense incurred by hand

They are prepared to sell rights for the State of Maine, also for the State of New Hampshire

DR. CUMMINGS'S

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective

The Dock, or rather a species of it now ranks as a medicinal plant, second to no one of the vegetable kingdom With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them which has resulted in the production of the compound In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract most to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofula Erysipelas, Ulcerous affections Eruptions and Mercurial diseases Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature intense application, exposures to extremes of heat and cold overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles, Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor become familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general to whom he is known

Prepared only by Dr Stephen Cummings and sold at wholesale and retail by Joshua Burgin & Co No 143 Middle street and Edward Mason, No 153 Middle street—only agents for Portland

Important Letter.

MESSRS CURTIS & SMITH

Dear Sirs.—I herewith enclose you a few lines relative to your 'Downs Elixer which for the benefit of the suffering if you think wor by you are at liberty to make public About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life Her symptoms were bad cough, pain in the side and stem ach night sweats and other premonitory signs of pulmonary consumption We consulted our best physicians who gave her little or no relief and finally pronounced her case incurable consumption She continued to become weaker, and the symptoms more confirmed

About this time at the suggestion of a friend, we concluded to try Downs' Elixer Having procured a bottle from your agent (S R Byram of Eastport) she commenced taking it At first it seemed only to mitigate the severity of the symptoms but in a short time her health began evidently to improve It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system — After having continued its use most of the time for nearly a year she calls herself cured She is now able to go about the house and superintend affairs as usual Under God we believe that to Downs Elixer alone she owes the preservation of her life and the restoration of former strength and energy We have also used it in our family in other cases for which it is recommended in the pamphlets, with universal success Yours truly,

(Signed) SWAIN P NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country almost daily

DOWNS ELIXER is unquestionably the best article known for the cure of *COUGHS COLDS* and *CONSUMPTION* It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public

In cases of *WHOOPING COUGH* it needs only to be tried to give it preference over all other remedies It immediately breaks up the cough and renders a mere plaything what is otherwise a scourge and terror For the *CROUP* it is a positive cure We speak with confidence for it has never failed and we believe never will, when used according to directions

Pamphlets giving a full description to be had of agents in almost every town and village in the country and of the following who are prepared to sell at wholesale or retail

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analogous complaints, is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practised in the principal cities in the Union during the last 40 years His only reason for introducing the Paste in this public manner is the convincedness that there are thousands of all treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at at the present time

☞ In case the Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS at his Office No 58 Union street, Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient advised upon the most beneficial course of treatment that can possibly be adopted.

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels,

—FOR—

SAW MILLS,

Invented by T R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied as possessing and combining *more Strength and Speed* and giving a more *uniform* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks) and will also run *longer* and *Sawmore Lumber* under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the 'drift stuff" to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere

We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts now used

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by THAMAR A BEARD Esq, *Civil Engineer*—Lowell Mass. who is well known as one of the most Scientific and experienced practical Engineers in this country

This wheel is formed with curved floats the number depending upon the size and vent of the Wheel each extending so far around the Wheel that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume in which the water stands at its full head, the curb being sustained by the stationary plate underneath the Wheel so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved which in the ordinary mode of operation is wholly lost

This Wheel is adapted to low as well as high heads of water as I will run as well in back water as on it providing the head rises in a freshet as fast as the back water But a Wheel with the jets right gauged for a high head will not answer for a low one and vice versa for as the head increases, the width of the jets should be proportionably decreased so that the water may not come to waste and not give its best effect to the Wheel

In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless is less liable to need repairs easily accessible when they are needed costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop—simplicity of structure durability of parts convenience of application and excellence of power are the great points of recommendation for this Wheel

THAMAR A BEARD *Civil Engineer*

STAVE DRESSER.

THE Subscribers have in operation at Parsons & Bartlett s Planing Mill, near the Portland Railway Judson s Stave Dresser It is believed this Machine involves the only principle that can dress a given crooked or winding Stave This it will do in a perfect manner and with a rapidity corresponding with those days and steam locomotion

It will dress three thousand hhd staves per day and more if you wish and as many barrel staves as a man can handle

It requires two pointers to compete with the dresser, requiring only three men to attend the three machines, all is done in a handsome manner, the joints and perfect so much so that coopers in New Bedford have purchased it for the purpose of manufacturing oil casks

The tending the machine is much less laborious than dressing staves in the usual way It will be seen from the above statement that shooks can be manufactured for half the expense incurred by hand

They are prepared to sell rights for the State of Maine, also for the State of New Hampshire

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these others of vegetable origin are combined designed to render them more active, and consequently more immediately effective

The Dock or rather a species of it now ranks as a medicinal plant second to no one of the vegetable kingdom With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them which has resulted in the production of the compound In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract must to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofula Erysipelas, Ulcerous affections Eruptions and Mercurial diseases Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature intense application, exposures to extremes of heat and cold overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor become familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general to whom he is known

Prepared only by Dr Stephen Cummings and sold at wholesale and retail by Joshua Burgin & Co No 143 Middle street, and Edward Mason No 153 Middle street—only agents for Portland

Important Letter.

MESSRS CURTIS & SMITH

Dear Sirs—I herewith enclose you a few lines relative to your Downs Elixer which, for the benefit of the sufferers if you think worthy you are at liberty to make public About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life Her symptoms were bad cough pain in the side and stomach night sweats and other premonitory signs of pulmonary consumption We consulted our best physicians who gave her little or no relief and finally pronounced her case incurable consumption she continued to become weaker, and the symptoms more confirmed

About this time at the suggestion of a friend we concluded to try Downs' Elixer Having procured a bottle from your agent (S RIBBAM of Eastport) she commenced taking it At first it seemed only to mitigate the severity of the symptoms but in a short time her health began evidently to improve It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system—Afterwards continued its use most of the time for nearly a year she calls herself cured She is now able to go about the house and superintend affairs as usual Under God we believe that to Downs Elixer alone she owes the preservation of her life, and the restoration of former strength and energy We have also used it on our family in other cases for which it is recommended in the pamphlets, with universal success Yours truly,

(Signed) SWAIN P NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country almost daily

DOWNS ELIXER is unquestionably the best article known for the cure of *COUGHS COLDS* and *CONSUMPTION* It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing in the world offered to the public

In cases of *WHOOPING COUGH* it needs only to be tried to give a preference over all other remedies It immediately breaks up the cough, and renders a mere plaything what is otherwise a course and terror For the *CROUP* it is a positive cure We speak with confidence for it has never failed and we believe never will when used according to directions

Pamphlets giving a full description to be had of agents in almost every town and village in the country and of the following who are prepared to sell at wholesale or retail

The Great Remedy for Gonorrhea

GLEET, Stricture and all analogous complaints, is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years His only reason for introducing the Paste in this public manner is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged entirely cured

If the unfortunate instead of drugging themselves with quack nostrums would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient relied upon the most beneficial course of treatment that can possibly be adopted.

Whig and Courier.

John S. Sayward, Editor.

FRIDAY, APRIL, 28, 1848.

Whig Caucus Adjourned to This Evening.

The general Whig Caucus held at the City Hall on the last evening after organizing by the choice of G W Ingersoll, Chairman, and H G O Morison, Secretary, recommended to the Whigs of the several Wards to meet in their respective Wards on Saturday, to-morrow evening at half past seven o'clock for the purpose of choosing in each Ward one delegate to attend the State Convention and two delegates to attend the District Convention The general Caucus then adjourned to meet at the City Hall on THIS EVENING, at 7 1 2 o'clock for the purpose of choosing three delegates at large to attend the State Convention and one delegate at large to attend the District Convention

We have only space this morning to advise every Whig to be present at the Caucuses

☞ A private correspondent of the Boston Transcript gives it as his opinion of the political feeling in New York that it is not expected that Mr Clay will receive the nomination of the Whig National Convention, because many devoted Whigs are reluctant that the Patriot of Ashland shall be again thrown into the struggle and dust of the arena, and become the object of all the former abuse doubly distilled, and because many others believing he cannot be elected prefer to take some other man He then goes on to ask on whom will the Whigs unite? The answer, he says, "springs spontaneous' to the lips of every reflecting and patriotic citizen, who honestly desires the overthrow of the present dynasty, Gen Taylor is the man whom the abuses of the government have educated to be their avenger His simple manners, his kind, gentle and affectionate heart, his unbending integrity, his unswerving obedience to duty, his contempt of toil and peril, his stern self-reliance, his unmatched valor,—all these qualities have so endeared him to the American People, that the arts or arms of the politicians cannot reach him "I am a Whig—but not an *ultra* Whig —"I am a believer in the principles and practice of Washington '— What friend of his country could demand a better, nobler or purer administration than that of a man who would combine the principles of the Whigs with the principles of Washington and become what Washington was, and what every President ought to be, the ruler of the people and not of a party Parties are temporary and mortal "The People is eternal"

☞ This is the season for that most delightful of all employments, the cultivation of the soil Our people are improving it in a commendable degree, and where the men about town, are too busy in their money gettings and market tendings, to engage in gardening, the women have undertaken the matter and are making essential improvements We like this much and we would advise them and all others engaged in any of the departments of the culture of the soil to call at the seed store of Mr James Dunning, and they may be sure of finding all desirable implements and seeds, for garden and field

Mr Albert Noyes will by and by have a large collection of Dahlia Bulbs for a supply of the city, well sprouted and marked

Ornamental shade trees are now daily brought into the market and a good supply can be obtained at a small cost

A well sustained effort to increase the number of trees, and the amount of shrubbery in our city, will make it in a few years one of the most beautiful cities in New England

Augusta Age.

The publisher of the Augusta Age proposes to issue THE AGE three times a week, during the next session of the Legislature The price of the Thrice Weekly Age will be one dollar for the session It will be published on Tuesdays, Thursdays, and Saturdays, which will accommodate subscribers on all the important mail routes

The publishers of the Kennebec Journal state that there is no prospect of there being a sufficient demand for more than one thrice weekly paper, and that they shall not attempt one during the coming session of the Legislature

"The Whig intimates that it don t be deliberately unless it 'gets pay —[Democrat

The Democrat must have a care that its inference from our remarks does not lead it to suppose that lying and a violation of a law of the United States, for instance, that relating to advertising the list of letters, may be indulged if one "gets pay The pay may be a *motive* for a base and selfish man to lie or violate a law, but is no *justification* or *reason* for such acts We understand the sin that besets the Democrat, and therefore give the warning

☞ A correspondent of the Eastern Argus, the leading Loco paper in Maine, states that the late Gov Fairfield, a few days previous to his death, stated to the writer that he was fully in favor of the principle of Free Territory, and remarked, 'When the question comes up, the only way is to meet it and vote against the extension of slavery over free soil I shall do so, and I believe it to be right and proper

Democracy is so rapidly progressive that it is important occasionally to put down a mark to show its position at given periods

☞ It is sufficiently "gentle" for us, when a man or an editor utters a falsehood concerning us, if he be worthy of any notice, to say, even without the words, "begging your pardon ' that it is a *lie* If the Gazette wishes to know the application of this, let it turn to what it said relative to the Whig and the Post office and find, if it be able, any justification for its statement there made under its third head

☞ The Nashua Telegraph states that a dog in Tyngsborough, on Monday, the 10th inst, exhibited all the symptoms of hydrophobia, bit several dogs, and was then killed It is very certain that the dogs in our city are in great danger of being attacked with this disease, and will by and by spread consternation and horror into the bosoms of many families

☞ Two Brigs will be launched at one time, from the ship yard of the Messrs Dunning, on Monday next in the forenoon at high tide, about ten o clock

☞ Boston shoulders sell at St. Louis for one cent and a quarter, hams at three and a half cents per pound Corn and Potatoes are proportionably cheap

☞ The following article which we copy from the Eastport Sentinel sets forth very graphically a case of outrage upon the American flag and of quiet, indifference and stupid neglect on the part of our government. If our flag is not to be respected—if we slumber over an outrage inflicted upon it, then our government has betrayed the great purpose of its creation and a change should be effected. But the article needs no commentary, as it is complete and conclusive in itself

OUTRAGE UPON OUR FLAG

It cannot yet be forgotten that, in August of last year the Brookline, owned by John W Bass Esq, of this town, and commanded by Ambrose Spates, on the day of sailing from port for the West Indies, was pursued and boarded by Her Majesty a Steam Frigate Columbia, when a seaman was forcibly impressed and carried away from the Brookline, on the pretence that he was a deserter from the Columbia Nor can it be forgotten that we stated the facts of the case, and repeatedly called the public attention to the subject, and that our remarks were generally copied and approved by the newspaper press in various parts of the country

Circumstances now require us, as we are compelled to believe, to consider the matter again, since we have to say that, immediately after the return of the Brookline, Mr Bass transmitted to the Secretary of State at Washington, the depositions of Capt Spates and of his first officer and requested the Secretary to inform him whether further and what additional documents were necessary for the notice and action of the government No reply was received — After an interval of some weeks, Mr Bass sent a duplicate of his letter Again without acknowledgement from the State Department, a third communication was addressed to the Secretary, which, like the former letters, has not been answered to the present time Now as it seems nearly certain that *all* could not have miscarried, and quite probable that the *three* were actually received at Washington, we are reluctantly forced to believe that the Secretary has not noticed, and does not mean to notice, the affair in any way whatever For we suppose that, had he entered into a correspondence with the British government, he would have so assured Mr Bass, and would have informed him whether or not the depositions enclosed in the first letter were sufficient

And we incline the more to the opinion that our minister in England has not been instructed to demand redress for the outrage, from the fact *that the officer in command of the Columbia at the time of its commission has been promoted*

Denied reparation then by our government, we turn to the American People, and to the American Press every where throughout the country and ask if the Ship owners of the frontier are to be wronged with impunity, and whether twenty millions of citizens have not *some* interest in an act, which violated both their rights and their sovereignty Are we of the remote and defenceless Passamaquoddy to bear this deep injury in our business—this wanton and wholly inexcusable dishonor to our national flag, in utter silence? Shall we not complain of the inattention and want of common courtesy of the Cabinet officer, who has not even condescended to acknowledge the receipt of the communication made to him by the owner of the Brookline? Nay we shall *not* be silent WE DEMAND THAT THE SEAMAN IMPRESSED FROM THAT VESSEL BE BROUGHT BACK AND PLACED UPON HER DECK We appeal to our countrymen throughout the length and breadth of the land, to sustain us in the position And we go further for we insist that Mr Bass is entitled to pecuniary recompense for the interruption of his lawful business and that the officer in command of the Columbia shall be reprimanded Will any satisfaction short of this alone for the insult.

The men taken from the Chesapeake by the Leopard, in 1807, *were deserters* Though one of them was hung at Halifax, the others were returned to Boston in a British vessel of war, under a flag of truce, of the commencement of hostilities, in 1812 Why, then, should not the seamen of the Brookline be returned now? Was Cap Humphries, of the Leopard *promoted?* Nay He lived, we think, until 1846, and never, we are quite sure, was in command of a ship after his attack upon the Chesapeake He acted under the positive instructions of Admiral Berkley, his superior, yet was personally disgraced, and his conduct formally and positively disavowed by his government Indeed more A special Minister was sent to the United States to allay the excitement, and to adjust the difference which the act of Captain Humphries occasioned

It is true that, as the Leopard fired into the Chesapeake, and murdered and maimed some of her crew, *this* crime is added to that of impressment But we have yet to learn, we confess, whether, so far as the violation of our sovereign rights is concerned, there be one particle of difference between the affair of 1807 and that of 1847 In truth, we have supposed—perhaps in our ignorance—that the doctrine so often and so vigorously asserted by our statesmen, that our flag should protect every man, woman and child, at all hazards, and on all seas throughout the world, is well established We have supposed, too, that the authority to search an American vessel under any possible circumstances, is denied—unconditionally denied—to every officer not bearing an American commission We have supposed that we had pushed and maintained our pretentions so far as that, were the Queen of England herself to be murdered, and were the murderer to shelter himself upon the deck of one of our ships no person, high or low, acting under the authority of the British Government, could pursue him thither, and that even in this extreme case, he must be demanded of, and surrendered by, our own public functionaries — Again we have supposed that the taking of the man from the Brookline—deserter from the Columbia though he may have been—was, in principle, an offence as great in every respect, as to have come upon our soil to abduct and bear off the owner of the Brookline from his dwelling house or place of business

Are we right, or are we wrong, in our views of the subject? The people upon the borders are interested to know *what, when* and *how* protection is to be afforded to them by their Government, as often as they are wronged by foreign ships of war and in conclusion, we again appeal to the press of our country, to insist that, remote and isolated as we are, we are yet entitled to all the immunities and privileges of the more central, and—in the popular opinion—more favored parts of the Union Neither American citizens nor British subjects can live in security on the borders, unless each sacredly respect the rights of the other This fact should not be lost sight of for a single moment Outrage is a game at which two can play as well as one Retaliation once commenced, where will it end?

S

☞ The Admiral arrived this morning at five o'clock, after a passage of only eleven hours, from Eastport She will leave for Boston this forenoon at eleven o clock

We are indebted to Capt C Spear, the attentive and gentlemanly clerk of the Admiral for a good bundle of New Brunswick papers

☞ The latest advices from Mexico seem to indicate that there will not only be no treaty, but no permanent peace

Horrible Case of Hydrophobia.

The village of Franceville, Spring Garden, has been lately infested to an alarming extent, with mad dogs, and last evening Mr William Knight, who was bitten by his own dog some two or three months ago, was laboring under all the horrid paroxysms of the deplorable disease of hydrophobia, with no possible hope of recovery. When our informant left, his paroxysms had become so violent and dangerous that several stout men had wrapped him in bed quilts and secured them around him with a clothes line '—[Phil V American

Freedom of the Press.

The editor of the National Era, at Washington, exhibited great moral courage and firmness in withstanding the threats of the mob, which recently surrounded his office and demanded its destruction The cowardly assassins, before whom he presented himself unarmed, absolutely quailed under the calm and resolute manner in which he avowed his determination to maintain the freedom of the press The following is his language

"We understand this outrage It is aimed at the Freedom of the Press We own and edit a paper which is as free as the winds of heaven It bows neither to slavery nor to the mob We stand upon our rights as a man, and as an American citizen, and will use those rights in speaking and writing freely upon any subject we please, despite all threats or violence It is a damning disgrace, that at the very moment we are rejoicing with the people of France at their triumph over a despot who undertook to *enslave the press* an attempt should be made to strike down the freedom of the press in the Capital City of this Republic, in sight of the National Legislature.

We yield to no violence We appeal to the good sense of the community, ay, and as we said, the sober second thought of the infatuated persons who, in a paroxysm of blind excitement, assailed our press It cannot be that in the nineteenth century, in the face of a world struggling for free thought, free speech, free action, and looking up to this Republic for example and encouragement, a free Press should be put down by violence in the capital city of this Republic."

The providence Journal remarks on this subject

"If the *friends* of the institution are wise they will not attempt to create new excitement, upon the subject by any violence at Washington, under the eyes of the whole nation The day has gone by when mob law can render any service to slavery If the spirit of violence is let loose in Washington upon freedom, it will very likely turn back upon slavery. There are vacillations on both sides of the question"

As the sweetness of the rose exhales perfume from its own nature, so the generous heart of the benevolent man steals delight amongst mankind.

Good hearts will open to generous sympathy, as the flower opens to receive refreshing dew, but will close its leaves against the rain.

BY THE LAST MAIL.

CONGRESS.

WASHINGTON, April 25th

In the Senate —A petition was presented by Mr Clayton, from citizens of Philadelphia, praying for the establishment of a post road between Phil and N Y, in opposition to the Camden and Amboy

The petition was referred to the Committee on the Post Office

Mr Rusk from the Committee on Military Affairs, reported a resolution directing secretary of War to procure 5000 of Colt's pistols

Mr Badger submitted a resolution instructing the Committee on Printing to inquire as to the delay of the public printing, and what remedy should be had thereof Adopted

Mr Cass moved to take up the bill in relation to the California claims Objection was made to the motion by Mr Hale, who desired a vote the leave asked by him on Thursday last to introduce a bill concerning rivers

The California bill was taken up—the vote stood 25 yeas to 9 nays

Mr Mason addressed the Senate He replied chiefly to Mr Badger's remarks on a former day, respecting the constitutional question.

Mr Badger replied

Mr Benton spoke at some length in its favor

Mr Underwood has the floor on this question to-morrow.

Senate adjourned

In the House, The bill for the admission of Wisconsin was the special order for to day.

The debate on the resolution of privilege was resumed

Mr Wick spoke at some length in opposition to them

Mr Giddings addressed the House, defending himself, and spoke at considerable length against Mr Havens

Mr Brown moved to lay the resolution on the table, which motion was agreed to—yeas 130, nays 42

The House then took up the bill from the Senate in regard to County lands, and Mr. Thompson of Mississippi, offered an amendment to the bill, granting bounty lands to the soldiers of the last war He spoke at some length in support of the bill. Several amendments were offered

After Mr Thompson had closed his remarks the House adjourned without taking the question

RHEUMATISM AND GOUT — *Wright's Indian Vegetable Pills* are a most extraordinary medicine for the cure of Rheumatism and Gout, because they not only cleanse the stomach and bowels of those morbid humors which, if taken into the circulation and thrown upon the membranes and muscles, are the cause of the above painful maladies, but they excite the absorbent vessels to take up that which is already deposited, and therefore are absolutely certain to make a perfect cure of Rheumatism and Gout. A single twenty five cent box of Wright's Indian Vegetable Pills will often give the most astonishing relief, and perseverance according to directions will be certain to drive pain of every description from the body

BEWARE OF COUNTERFEITS AND IMITATIONS! *Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.*

Strippings and Molasses.

We see by his Family Physician that Dr. A Angier Mann is again at his post, in the Editorial chair, at South Norridgewock The Doctor's paper appears very finely and is filled with blarnient notions on medicine, &c, indicating a good degree of prosperity and blue The farmers up in Somerset undoubtedly keep very fat cows, so as to supply the Doctor with the richest of Strippings Wonder when the Doctor intends to visit our city again? We believe his medicine is working favorably among his patients in this section

Rheumatism of 20 years standing cured by Cramp & Pain Killer—For twenty years I have been seriously afflicted with Rheumatism in my feet, caused by extreme exposure to cold—have expended during that time more than two hundred dollars for various remedies, without any benefit or relief. Last January I purchased a bottle of Curtis & Perkins' Cramp and Pain Killer, which on applying gave me immediate relief. The pain is removed, and I rest perfectly well nights Any person that will take the trouble to call on me at my store will be satisfied that an astonishing cure has been effected as I am advanced in years HENRY MANSFIELD

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" has superceded (in a great measure) the use of Ether, as an allayer of pain, and is now used by the best Surgeons and Dentists in preference A celebrated Chemist (and one of the first manufacturers of Chloroform,) has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACHE After testing it in many cases it has never failed to give relief, there is no possible danger in using it, as it will not injure the sound tooth a particle All that is necessary in using these Drops, is to saturate well a bit of cotton or lint, and place it in the cavity of the tooth. Relief will be immediate

New Sedition Law in England.

Fearful Anticipations in London—The Queen departed for the Isle of Wight!

The Acadia arrived at Boston on Sunday

The intelligence by this arrival possesses very considerable interest and importance, as will be seen by the summary below

ENGLAND

Government are taking formidable military precautions, which, but for late events, might be thought amply sufficient to put down rebellion Russell made a statement on the subject, and he is of course, much cheered in expressing determination to uphold her Majesty s authority, and in hinting at the probability of asking for extraordinary powers to put down disaffection Meanwhile, it is an ugly circumstance, that evictions are going on wholesale in Ireland and that the small and inadequate remedial measures brought forward by Ministers, remain as yet on the threshold of the House

Another cause for anxiety is the revival of the Chartist agitation throughout the country A national convention, the delegates of which have been elected by great meetings throughout the country during the last few weeks, is now being held in London to determine on the course to be taken at the present juncture At some of these meetings the language has been very inflammatory—in fact, just of that character which our aristocratic rulers will be best pleased with How far the views expressed on these occasions are sympathised in by the working classes generally, we are unable to say We believe, however, that they are, to a great extent, unrepresented by some who have obtrusiously come forward as leaders and advisers, and our suspicion is confirmed by a published statement from he secretaries of the delegates of the metropolitan districts, repudiating in the strongest terms the language of some of the orators, and expressing a firm determination to maintain peace and order in the forthcoming demonstration at Kennington Common

At Manchester, a large body of unemployed operatives assembled on Sabbath day, and applied to the magistrates for alms for leave to beg—Their delegates represented their condition as deplorable, and the local authorities silently acquiesced in the fidelity of the melancholy picture drawn by those whose bitter experience has made them familiar with starvation What is true of Birmingham and Manchester is unhappily true of the whole of the manufacturing districts of England and Scotland

—From Nottingham and Leicester, travelling northward, to Paisley and Glasgow, there are the same gloomy accounts. Honest labor finds itself reduced to pinching want, at a season of the year when employment is usually remunerative and plentiful—London Times, of the 20th

The general aspect of commercial affairs has not improved in any respect since the departure of the Hibernia. Indeed, the chances of a general European war, combined with the spirit of dissatisfaction which prevails among the Irish peasantry, and a large sum here of the operative classes of England and Scotland, have greatly aggravated the spirit of mistrust entertained by the public at large

The Corn market has been in a most sluggish state; we have now a full demand for Wheat, Flour, and Indian Corn, at declining prices—Money is abundant, and the rate of interest moderate, but the market for all descriptions of public securities unsteady, and their value much depressed

The Cotton market although not active, has been pretty firm during the past fortnight, and sales to a moderate extent have been effected Prices are 1 8d per lb lower than at the close of preceding week The quotations of the Committee of Brokers are now for fair Dhlln Brown, 4 1 4d, Mobile 4 3 8d, Orleans 4 5 8d

For a number of causes the Corn trade has been in a very dull and inactive position Prices have also declined,—Wheat from 3s to 4s per qr, and Flour at least 1s per bbl

At the present moment Wheat in London does not command more than 55s for the best English, and 24s for American Whilst the best Western Canal Flour sold in Liverpool at 25s to 27s per bbl Very little doing in Indian Corn, or Corn Meal, the demand for Ireland having fallen off

The Ministers have come to the determination of putting down sedition by the authority of the law Sir Geo Gray on the 6th in the House of Commons, announced that he should on the following day move for leave to bring in a bill, for the better security of the Crown and Government of the United Kingdom Prolonged cheering followed this declaration

It is finally determined on, that a procession of some hundreds of thousands of Chartists should accompany Sir F O'Connor from Kennington Common to he House of Commons on the 10th inst the day appointed for presentation All the arrangements for the procession were going on satisfactorily, the route laid down, the carriage for conveying the petition built, and the banners assigned &c &c when Sir G Gray he Home Secretary, announced to Parliament, on the 6th instant, the determination of Government not to allow either the assemblage or procession to take place—A proclamation appeared a few hours after the statement forbidding all persons to attend the meeting The effect produced, on the Chartists themselves has been as might have been anticipated a determination to carry out their objects with more order than before

The British Government are seemingly determined on bringing matters to an issue and large bodies of cavalry infantry and artillery have be n drafted into the metropolis, so that it is computed the force in the city at present cannot be less than 10,000 men

IRELAND

It is expected that Dublin will be placed under the operation of the recent Arms Act, and that the vast quantities of pikes and arms which are being so extensively purchased will be required to be given up The provinces, especially in the south of Ireland, appear to emulate Dublin in the violence of the threats and intimidation used by the repeal party and the press, and, indeed, it is openly declared by many of the journals that a repeal of the Union will no longer suffice to satisfy their alleged grievances but that the election of a republican now alone remedy the evils under which the country groans

The accounts from Ireland are more menacing than ever The students in Trinity College are arming in defence of the Government, and the members of the Royal Dublin Society are following their example Additional troops have arrived from England The Repealers in the city are equally energetic, and are being warmly supported throughout the provinces At a meeting held in Kilkenny, four delegates have been appointed to the "Council of Three Hundred" solely in defence of the law The Mayor and three magistrates also the delegates chosen It was recommended at the meeting that the council should assemble at Liverpool, in order, so soon as he should with the limits prescribed by the Convention Act

The London correspondent of the Boston Atlas states, that in anticipation of the Chartist demonstration in London, of presenting a monster petition to parliament, an immense number of arms has been distributed The petition was to be presented on Monday at 1 o'clock precisely, however, that government received a proclamation forbidding the meeting The Chartists, in convention, passed a vote of censure, that they would hold their proposed meeting notwithstanding the proclamation There are two or three hundred thousand Chartists in London, and their manifest determination caused the great rise of the most bloody work, particularly, if the government were resolved that no procession should pass the Bridge, and would pout the military there armed to enforce the resolution

A cabinet council had decided that the Queen would not be safe in London, and she left on Friday, although a wet day, for the Isle of Wight

It is believed that the repealers of Ireland and the Chartists of England are so far united in one common cause, that whenever a day is appointed for striking a blow in Dublin, the Chartists will strike a blow in London Tuesday the 11th, will probably be the great day, according to present arrangements That blood will be shed appears to be no longer a matter of doubt

To increase the difficulties and embarrassment of the government at this critical period, a new movement has been started in Ireland The leading men of the learned professions, gentlemen, and others of high standing and influence, have got up a declaration addressed to Lord Clarendon, demanding local legislation The promoters of this important movement say that they sympathize in the prevalent opinion of the people for self-government, and they ask for an Irish Parliament

It is stated that a large number of influential Protestant gentlemen, who have hitherto been determined anti Repealers, have recently declared themselves in favor of a Repeal Union

FRANCE.

By our latest advices from the French Capital, we learn that the election of the officers of the National Guard had commenced

M Charles Lenscps, ex deputy, and M Billiard, formerly secretary to the Minister of the Interior, are appointed Counsellors of State M Falloy a chief of radicalism, and Captain Vernet, who were dismissed from the service by the late Government for Republican opinions, are reinstated An immense number of judges in all parts of the country are dismissed, and others are nominated to succeed them

The additional intelligence received from France is of importance The Provisional Government having instituted the Orleans and Central Lines of Railways, the directors met and resolved that the shareholders be consulted, those of the Orleans on the 27th, and those of the Centre on the 5th instant that the revolution of the seqestration be demanded of the Government as speedily as possible, and that, pending the sequestration, all possible measures be taken by the two boards for the preservation of the rights of shareholders and of third parties,

The statement that M Thiers had decline the candidatship to the assembly is, the Cons stitutional says, erroneous

The Provisional Government have issued a decree, authorising the collectors, assessors, and commissaries, to remit or diminish the contributions of 45 per cent of the year's taxes, in cases where it shall appear to be individually oppressive

Another decree appoints M Arago Minister of War, with Lieut. Col Schaunn as Secretary. M. Arago is to hold, ad interim the Ministry of Marine.

Another decree imposes a tax on all salaries received by functionaries of the State of every grade.

It is reported that M Garnier Pages is to retire from the office of Minister of the Finances and that he is to be succeeded by M Achille Fould the eminent banker This appointment which would give entire satisfaction to the commercial community throughout France

Paris was quite quiet, and the last accounts from Lyons announce the complete restoration of tranquility in that city

The election for officers of the National Guard have generally speaking terminated in favor of the Republican candidates

The commercial prospects of France become daily more and more gloomy The necessities of the Government are also rapidly increasing The Bank of France has made advances to the Republic by way of loan, on the security of treasury bonds, to the extent of 50,000,000 francs, (two millions sterling) but these funds, with such temporary aid as can be procured through the ordinary resources, must shortly come to an end A few patriotic gifts, amongst which we see the Archbishop of Paris contributes his silver spoons and forks, the only plate he had left, have been sent into the republican treasury, but in a national point of view, the amount raised is quite insignificant Not a day passes but it is marked by the failure of some considerable banker

The funds in Paris have experienced a further alarming decline, the three per cents having been done as low as 34, which is twelve per cent below the lowest price they have ever ranged since their creation We have even heard that some bargains have been done at 32!!!

LOMBARDY

A revolution broke out at Milan on the 16th of March, which terminated in the expulsion of the Austrians and the appointment of the Municipal Authorities as Provisional Government The Viceroy left on the 17th, after some slight disturbances, in which the people, armed only with clubs, had killed several of the Grenadiers on guard at his palace Barricades were thrown up by the people, and a battle commenced by the troops, who were wounded by a Croton regiment in particular losing half its men in a narrow street, where the women threw down paving-stones from the house tops On the 18th, a civic guard was organized, under the command of Gen Pecchi, and we copy the following account of the ensuing five days struggle from a despatch received and published by M de La Marmora

On Sunday, the 19th, the firing was resumed on both sides with a great degree of fury The Austrian cannon swept several streets, but the Milanese, although without arms, got the advantage on many points, and fought every where with the greatest courage The city was threatened with a bombardment, the French Consul called together the other Consuls, and requested them to sign a protest, which he sent to Marshal Radetzky, on the 19th, at 6 o clock in the evening During this time the people, under the guidance of some old officers, fought every where with fury On every point taken from the troops barricades were raised, of which some were formed of rich furniture—of wardrobes, pianos, secretaires and damask sofas. In proportion as the sid r of the peopl rose, the courage of the troops appeared to weaken On several points important posts were taken almost without fighting The only place which remained in the possession of the troops, was the hotel of the military Commandant General, before which all the efforts of the people failed, in face of a terrible cannonade In the course of the night of the 22d, the hotel was evacuated and the troops remained masters of only the gates of the city

On the morning of the 22d the people, seconded by the inhabitants of the neighboring country, who flew to the assistance of the city, attacked the gates, but a formidable artillery repulsed the efforts of the people Nevertheless the walls were scaled by emissaries, who infurmed the Milanese that Pavia and Brescia were in open insurrection, and that the Archduke the son of the Viceroy, had been taken prisoner By means of little balloons, which were sent away from the battlements, and fell into fields, proclamations were spread, inviting the populace of the neighbourhood of Milan to take arms and to come to he aid of the city

The proclamations also advised the public to destroy all the bridges on the roads to Verona, Mantua, and other points, in order to prevent the arrival of reinforcements of artillery, which it was probable that Marshal Radetzky should demand — They exhorted all the communes of the kingdom of Venetian kingdom to insurrection, and to the formation of National Guards All the French artisans inhabiting Milan joined in this struggle with admirable order and patriotism, and the residence of the Consul General, in which the tricolored flag was hoisted from the first day, gave the refuge of their families and of many other foreigners

On the 23d, the conflict recommenced with vigor at the Porta and Romana gates. The cannon did great execution, and the city was in flames, when the Croton regiment, which had joined the people, was obliged to yield to superior force. At the same time, the gates of the city were taken by the troops, and the city was completely in their power. The Croton regiment, being in the rear of the city, was completely cut off, and was obliged to capitulate. The Provisional Government then, in order to prevent the effusion of blood, ordered the people to cease firing upon their fellow citizens, and put an end at once to all foreign domination, of whatever kind, in Italy," and adopted a system of military organization

The Pope has adopted a Lombardo Venetian tricolor flag, which is a lion and snake, and have passed several laws among them—a corporate connection in the press, complete amnesty for all political crimes, the remission of all fines, and the suppression of nuisance of all the employes in the public offices with the exception of Ministers. On the 24th, Charles Albert published a document stating that he political engagements of any nature has been taken with respect to the King of Sardinia, and that the latter has expressed himself as full free to the Milanese delegates "I shall not enter Milan till I have vanquished the Austrians in battle, for I will not present myself to my house a people till I have obtained a victory that may prove mutually heavenly—Milan think that he will succeed the throne of a new kingdom, to comprise Lombardy, Piedmont, Parma and Modena.

A Provisional Government has also been formed in Venice, while all the Austrian garrisons in Upper Italy have surrendered to the people, who received great reinforcements of such arms and ammunition from Switzerland and the Tyrol A London paper predicts that Austria before many days, will be completely driven out of Italy, and that the army will be forced to retreat either by the Tyrolese, or by France

The army commanded by King Charles Albert, had commence d hostilities, and was to have entered Turin at noon on the 28th. By a decree, dated Alessandria 28th, his Majesty had appointed Prince Eugene of Savoy, Carignan Lieut. Gen. of the Kingdom during his absence Before his departure, Charles Albert received a sword, presented to him by the Pope bearing the following inscription —"To the magnanimous King Charles Albert, the sword which will make Italy free Pius IX."

[From the Boston Christian Register]

The following lines were written by a lady of Philadelphia, after visiting a poor widow, who, on working from early in the morning until late at night, spooling yarn for the weavers, could only make 18 cents a day for the sustenance of herself and children They were written impromptu, but the very deep feeling and and truths they express, require no apology —

Oh ye! who toil forever,
For whom no rest arrives,
Whose night relieveth never,
Daughters and sons of Dives!
Yet makers of your money,
Ye laborers in our hives,
Who never of the honey,
Have tasted in your lives

Ye workers sad and weary,
Ye toilers for the few
Among our songs are any
Sung s d enough for you?
For o'er the ocean waters,
Fearful as a mournful tone,
Telling of England s daughters
Reduced to skin and bone,
"Toiling in poverty, hunger and dirt,
To finish the gussets and seams of a shirt."

Your dye stained hands, poor spoolers,
Ye may extend and pray
For somewhat better schoolers
In the our latter day!
Then Hunger, Thirst and Pain,
To answer your objectors,
Revising not again!
Some hand with touch caressing,
Laid on your blistering palm,
Some voice with tone refreshing
To whisper words of balm,
That might uphold the links of labor's chain
And bind you to humanity again

Ye washers of the clothes we wear,
Ye binders of our shoes;
Ye girls who braid with fingers fair
The bonnets that we use,
Gaunt hunger stands beside ye all,
And dares ye to refuse
The scanty pittance, poor and small,
Allotted for your use—
Alas! in st e'en the space of time
Which ve, your lives misspell,
Should be sorgrest for toil and crime,
For rest so good and small
And well for you th Alm ghty's eye,
Which sees not as ye see
At last your holy cause shall try
And judge ye not as we—
Who walking in our paths with better light,
Farther than you may wander from the right.

WORMS ARE SWEPT AWAY from the Stomach and Bowels by JAYNE'S TONIC VERMIFUGE, as by the besom of destruct on They perish under its searching influence instantly, and are expelled with the mucus in which they are embedded The cure is in almost all cases permanent, and if a recurrence of the disorder should take place, a few doses of the preparation will never fail to produce the desired object—for the effect does not weaken with repetition Those who suffer from *Fever or Intermittent Fever*, or any other complaint where a mild tonic or alterative may be desirable, will find in Jayne's Tonic Vermifuge a most valuable remedy.

STILL MORE PROOF.

Darlington, Beaver Co., Pa., Feb. 18, 1839

Dr D Jayne —Dear Sir,—My little son, when about two months old, was seized with a bowel complaint. It continued for two weeks without intermission, and notwithstanding the remedies prescribed by a respectable Physician, we gave up the child as a victim, as we supposed, to a fatal disease. But I providentially heard of "JAYNE'S CARMINATIVE," as an effectual cure for bowel complaint, and immediately despatched a messenger to a town seventeen miles off for a bottle. By the use of this medicine, in less than thirty-six hours the disease was checked, and by its continued use for a few days the child was restored to perfect health. Shortly after this, there occurred a similar case, in one of the families of my congregation. I recommended Jayne's Carminative; and the result was equally satisfactory.

You made Dr C. Notley to Dr Jayne, Philad. recently complaining of his child, was attacked by the horrible malady called CROUP. We hailed in the night at Beaver Bank, and other places, they were assured, and the house was filled with the Physicians of Philad. who gave him a teaspoonful of your CARMINATIVE, and applied a mustard plaster to the throat, and before morning the hoarseness was gone, the child breathed freely, and was pronounced out of danger. Notley is a native of Ireland, and a member of the Society of Friends. I have no doubt he would be willing to testify to the efficacy of your medicine, if necessary.

Yours, &c. JOHN MARSHALL, M.D.

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" has superceded (in a great measure) the use of Ether as an allayer of pain, and is now used by the best Surgeons and Dentists in preference A celebrated Chemist (and one of the best manufacturers of Chloroform) has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACHE After testing it in many cases it has never failed to give relief the same no possible danger in using it, as it will not injure the sound teeth in the slightest All that is necessary in using these Drops, is to saturate well a bit of cotton or lint, and place it in the cavity of the tooth. Relief will be immediate None genuine without the signature of *Rand & Poor* on the wrapper Sold at No 19 Tremont Row, Boston

Rheumatism and Gout—*Wright's Indian Vegetable Pills* are a most extraordinary medicine for the cure of Rheumatism and Gout, because they not only cleanse the stomach and bowels of those sorts of humors which if taken into the circulation and thrown upon the membranes and muscles, are the cause of the above painful maladies, but they excite the absorbent vessels to take up that which is already deposited, and therefore are absolutely certain to make a perfect cure of Rheumatism and Gout A single twenty five cent box of Wright's Indian Vegetable Pills will often give the most astonishing relief, and perseverance according to directions will be certain to drive pain of every description from the body

Beware of Counterfeits and Imitations! *Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.*

Mr. S W Prowle—Sir, I have seen so much of the virtues of "Wistar's Balsam of Wild Cherry" that I feel it my duty to add my testimony in its praise My son, a boy of 14 years of age, has for the last ten months been afflicted with a severe cough, pains in the side and body and a painful wasting, until he was but a mere moving skeleton. I had had the advice of three physicians, but none of them could give him any relief, and gradually yet surely he seemed to be sinking into the tomb. Happening accidentally to see some of your "Free Almanac's," we felt as though the Balsam would help him, as there was some cases that had been cured when they were as bad as he was therefore procured a bottle of Dr Kidder, the agent in this place, and before he had used all of it he began to grow better, and by using three bottles his cough was all gone, and he is now enjoying good health, for which he is indebted to, through the blessing of God to *Wistar's Balsam of Wild Cherry*

CALL the attention of purchasers of Dry Goods, *either at wholesale or retail*, to their

NEW STOCK
—OF—
Spring Goods.

[*At this Establishment purchasers can find every kind and quality of Goods, from a common unbleached Cotton or sixpenny Print, to the finest and most costly fabrics imported, and always at EXTRAORDINARY LOW PRICES and ONLY ONE PRICE NAMED.*]

We are now opening a large and *Splendid Stock* of **Shawls, Silk Goods, Dress Goods, Fancy Goods, Linens, Woolens, Cottons,** in fact, everything in our line, for either **Men's Women's or Children's Wear,**
—OR FOR—
Housekeeping Purposes.

WE ARE NOW PREPARED TO SHOW THE LARGEST ASSORTMENT OF GOODS, AND AT THE LOWEST PRICES EVER KNOWN IN OUR EXPERIENCE.

Grateful for the liberal patronage bestowed upon us, we shall use our best endeavors to merit the increase of business, that has yearly attended our sales, having reached a very large amount, make our per cent. expenses so low, that we can afford to sell at unusually small profits, and we find it our interest to do so—the interest of buyer and seller is one, in the long run.

There is no [illegible] with [illegible] that large stores are more expensive than small—whereas our per cent. expenses are *less* than one half what they were in our small stores. We have increased our sales so much more in proportion than our expenses

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph

DEAR SIR—I have myself almost no occasion for your inestimable Pills I have used them any six years as occasion dictated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of dyspepsia, with which I was once too well acquainted have so entirely passed away, that I hardly know what they were Any use you can make of this of a more full development of my case, is at your service

Except in an obstetric case your book (Family Physician) and Pills have been the only physician in my house for six years

There are many of my friends around and more and more who call for your Pills as a family medicine and for chronic cases Yours truly

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold It cures diseases without vomiting, purging, sickening or debilitating the patient

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates diseases it invigorates the body It is one of the very best Fall and Winter medicines ever known It not only purifies the whole system and strengthens the person, but it creates new pure and rich blood, a power possessed by no other medicine! And in this lies the grand secret of its wonderful success It has performed within the past two years, more than 35,000 cures of severe cases of disease, at least 20,000 of these were considered incurable

More than 2000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
8000 cases of Consumption,

and thousands of cases of diseases of the blood, viz —Ulcers, erysipelas, salt rheum, pimples on the face &c &c, together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c &c

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States informing us of astounding cures R Van Buskirk, Esq, one of the most respectable druggists in Newark N J, informs us that he can refer to more than 1500 persons in that place alone There are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character It is the best medicine for the preventative of disease known It undoubtedly saved the lives of more than

5,000 CHILDREN, THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season It has never been known to injure in the least the most delicate child

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatic complaints however severe or chronic The astonishing cures it has performed are indeed wonderful Other remedies sometimes give temporary relief, but entirely eradicates it from the system even when the limbs and joints are dreadfully swollen

☞ Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn The following is an extract of a letter received from him

Dr Townsend—I have used one bottle of your Sarsaparilla, and I find it as excellent in its effects upon a chronic rheumatic pain to which I am subject from an injury occasioned several years ago in a public stage Please send me two bottles to the care of Mr Seymour I have conversed with two of our principal physicians and recommended your Sarsaparilla SETH TERRY.

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured Bronchitis Consumption Liver Complaint, Colds, Catarrh, Coughs Asthma Spitting of Blood Soreness in the Chest, Hectic Flush Night Sweats Difficult or Profuse Expectoration, Pain in the Side, &c, have been and can be cured

Dr Townsend—Dear Sir Nearly twenty years ago I took a violent cold which settled in my lungs, and affected me severely, indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business Within the last few years it increased on me gradually At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter and for the last nine months previous to using your Sarsaparilla, had regular night sweats, indeed, my friends and myself supposed that I would die with the Consumption, but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored It relieved me gradually, and I am now enjoying much better health than I have before in 26 years I had almost entirely lost my appetite, which is also returned You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old, had a very bad cough the whole of last Winter We became very much alarmed on her account It bid fair to be the death of our little blossom, it took them away, and her skin is smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine

S W CONANT, 444 Bowery

GIRLS, READ THIS,

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of sorts," use a bottle or two of Dr Townsend's Sarsaparilla It will clear your blood, remove the freckles and blotches, and give you animation sparkling eyes, fine spirits and beautiful complexion—all of which are of immense value to unmarried ladies

GREAT FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhoea or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident

Nothing can be more surprising than its invigorating effects on the human frame Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with a healthy offspring

Dr Townsend My wife being greatly distressed by weakness and general debility, and suffering continually by pain and sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases I have described to her and gained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public M D MOORE

Albany, Aug 17 1847. For Grand and Lydius st

TO MOTHERS ARE MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life, This period may be delayed for several years by using this medicine Nor is it less valuable to those who are approaching woman hood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all of the delicate diseases to which women are subject It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far attempting the system to produce a subsequent relaxation—which is the case of most medicines taken for female weakness and disease

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood These persons cured in one house is unprecedented

THREE CHILDREN.

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with hard swellings and have taken some four bottles, all took them away, for which I feel myself under your obligation Yours respectfully,

BURLINGTON, Jan 26, 1847.

A year since I was taken with the Dropsy, and my whole system left in a debilitated state. I was induced to try Dr Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day I believe that it saved my life, and would not be without it under any consideration. G. W McLEAN.

JULES HAUEL'S PREPARATIONS!

TRY THEM, AND JUDGE FOR YOURSELF!

TO THE PUBLIC.

Wonderful! That's Right — A proper Principle adopted

YOU cannot object giving my articles a trial If they are not found to be as represented, return them, and your money will be cheerfully refunded Remember, there is no quackery—no humbug,—humbug. A trial will cost you nothing—so if any one is humbugged, it will be myself With the utmost confidence I recommend to the particular attention of the public the following articles First—

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials cleanses the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers It excites the scalp into a new and vigorous action, cleanses it from scurf and dandruff, and its effect in the restoration and growth of the hair is unequalled by any other preparations of the kind Second—

MY EAU DIVINE DE VENUS AND NYMPH SOAP.

Composed of an Eastern Botanical Discovery of Surprising Efficacy, for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion

No lady's toilet is complete without this article. Its effect on the skin is strikingly beautiful it removes all harshness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—

MY SHAVING CREAM.

"It is a luxury to shave with Jules Hauel's Premium Cream"

This Cream is acknowledged by all who have used it to be superior to any in use. It produces a fine and rich lather It does not smart or irritate the skin, on the contrary, it is very soft and highly emollient No person will use any other, after once using this admired preparation Fourth—

MY DEPILATORY POWDER.

This Powder has never failed to produce the desired effect Its composition is infallible, and warranted to remove superfluous hair Many ladies have used it who were afflicted with hair on the sides of the face arms, &c, giving a masculine turn to the features, and who testify of its happy effect Fifth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.

A Chemical Result, to enable persons to dye their hair instantaneously, without the least inconvenience.

"My white hair has been changed like magic by using one box only of Jules Hauel's celebrated "Vegetable Liquid Hair Dye"

Performing red or grey hair, whiskers, eye brows, &c, to a brown black, or chestnut color The slightest evil consequence need not be feared from its use—it is altogether harmless This composition is the only one authorised by the science of chemistry, to dye, in an unfailing manner, the various gradations of color, without danger or inconvenience and has justified the liberal patronage and unlimited confidence of the public

☞ *Beware of Counterfeits!* Ask for "Jules Hauel s Vegetable Liquid Hair Dye," if you want the genuine article Sixth—

MY UNRIVALLED ROSE TOOTH PASTE.

Is universally sought after, for the pearly whiteness it gives to the Teeth without the slightest injury—Seventh—

MY CELEBRATED PERSIAN OR CHINESE POWDER.

Patronized by the Fashionable World of the United States and under the immediate patronage of the Ladies

This powder is unequalled for the nursery, for restoring, beautifying and preserving the complexion, rendering the skin delicately white smooth and soft, preventing cutaneous eruptions, chapping, and obviating too copious perspiration Travellers and residents in warm climates will highly appreciate this grateful appendage to the toilet

NINE HUNDRED DOLLARS REWARD

Will be paid to the person who will prove that Jules Hauel s *Vegetable Liquid Hair Dye* is not the best,—the very best yet known in this country or in Europe—This valuable discovery will enable a person to dye instantaneously the hair or whiskers, in a few minutes, without the least inconvenience This preparation is

From a celebrated Chemist of the City of Philadelphia.

"DEAR SIR —It is with a high degree of pleasure that I furnish you with my testimony in favor of your *Eau Lustral Hair Restorative* I have been surprised by its wonderful and beneficial results, and have no hesitation in saying that I believe it to be the most valuable and extraordinary discovery ever known for restoring and reproducing a fine and luxurient head of hair. In regard to its *Nymph Soap, Hair Dye, Rose Tooth Paste, Depilatory Powder* and *Shaving Cream*, I must say that they are scientifically compounded, and that it is a real luxury to use them Yours, &c

From CONSTANT GUILLOU, Esq, Attorney at Law, and Notary Public, Philadelphia

"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations On trial of them in my own family, and some of them personally, I have more than realized those favorable anticipations,—they are, what they profess to be, scientifically prepared and compounded I have at all times since my acquaintance, been convinced of the great merit of the *Eau Lustral Hair-Restorative, Shaving Cream, Nymph Soap* and, in fact, all the popular preparations of Mr. Hauel

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in their way, invaluable

CONSTANT GUILLOU."

From DANIEL J DUNCOMB, Esq, Attorney at Law, Consul General of Portuguese States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

"To Mr. JULES HAUEL

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skillfully prepared and compounded I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste.—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative, it invigorates the hair and promotes its growth The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart or irritate the skin; while the Nymph Soap operates beneficially upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They unite their way invaluable

"I have seen numerous of my friends who have used your Vegetable Liquid Hair-Dye; its effect is really a wonder It dyes the Hair to an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will detect the artificial colour, or [illegible] Yours &c. Vegetable Internal Remedy FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies

THE VEGETABLE PILE ELECTUARY, invented by Dr A Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public

Mark this it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external and positively the only thing that will. There is no mistake about it It is a positive cure—*speedy and permanent* It is also a convenient medicine to take, and improves the general health in a remarkable manner

Each box contains twelve doses, at $1 12 cts per dose, It is very mild in its operation and may be taken in cases of the most acute inflammation without danger—All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects This Medicine attacks the disease at its source, and REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT

INFLAMMATORY DISEASES

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the Best Medicine ever discovered

IMPURITIES OF THE BLOOD

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress DR UPHAM'S ELECTUARY is entirely unrivalled

TO MARRIED LADIES

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES with consequent inflammation of the Stomach, Bowels and Spine weakness of the back, flow of blood to the head &c—The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicine no Aloes, Colocynth, Gamboge, or other powerful and irritating purgative No fear of taking cold while under its influence, no change in diet necessary If taken according to the directions, A CURE FOR LIFE IS GUARANTIED

Pamphlets giving valuable information respecting this Medicine, may be had of Agents, gratis

GREAT SUCCESS OF UPHAM'S

PILE ELECTUARY.

Portland, Me, March 14 1847

Dr. UPHAM—My dear Sir.—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly so valuable Pile Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs My eyes also became affected, and in fact I was a wreck to myself I was obliged to give up my business I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford spent much money—and twice submitted to painful operations I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well, still I kept on, and now I am a well man My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health, and now has a condition to support my large family, depending on me.

You can use this letter as you please.

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph

DEAR SIR—I have myself almost an occasion for your inestimable Pills I have used them say six years as occasion dictates, and have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach From habitual costiveness, and the voiding of numerous and painful stools, I am completely relieved The multifarious symptoms of Dyspepsia, with which I was once for well acquainted have so entirely passed away, that I hardly know wh I they were. Any use you can make of this or a more full development of my case, is at your service

Except in an obstetric case your book I amply testifies and Pills have been the only physician in my house for six years

There are many of my friends around, and more and more who call for your Pills as a family medicine and for chronic cases Yours truly,

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold It cures diseases without vomiting, purging, sickening or debilitating the patient

The great beauty and superiority of this Sarsaparilla over all other medicines, while it eradicates diseases it invigorates the body. It is one of the very best Fall and Winter medicines ever known it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine And in this lies the grand secret of its wonderful success, It has performed wonders within the past two years, more than 35,000 cases of severe cases of disease, at least 20,000 of those were considered incurable

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
8000 cases of Consumption,

and thousands of cases of diseases of the blood, viz:—Ulcers, erysipelas, salt rheum, pimples on the face, &c, &c, together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c &c

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States informing us of extraordinary cures R Van Buskirk, Esq, one of the most respectable druggists in Newark, N J, informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character It is the best medicine for the prevention of disease known It undoubtedly saved the lives of more than

5,000 CHILDREN, THE PAST SEASON,

and removed the cause of disease, and prepared them for the summer season It has never been known to injure in the least the most delicate child.

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, However severe or chronic The astonishing cures it has performed are indeed wonderful Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen

☞ Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn The following is an extract of a letter received from him:

Dr Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage. Please send me two bottles to the care of Dr Seymour. I have convinced with two of our principal physicians and recommended your Sarsaparilla SETH TERRY.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured Bronchitis, Consumption Liver Complaint, Colds, Catarrh, Coughs Asthma Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured

Dr Townsend—Dear Sir: Nearly twenty years ago I took a violent cold which settled on my lungs, and affected me severely, indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business. Within the last few years I increased on me gradually. At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter and for the last nine months previous to using your Sarsaparilla, had regular night sweats, indeed, my friends and myself supposed that I would die with the Consumption, but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored It relieved me gradually, and I am now enjoying much better health than I have before in 26 years I had almost entirely lost my appetite, which is also returned You are at liberty to publish this with my name to the papers, if you choose.

My little girl, who is three years old, had a very bad cough the whole of last Winter We became very much alarmed on her account. While using the medicine I gave her some of it, and it soon entirely relieved her as well as myself and she is well now, and hearty, as any child I ever saw. She was also full of little blotches, it took them away, and her skin is smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine.

E W. CONANT, 444 Bowery.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense use to unmarried ladies.

GREAT FEMALE MEDICINE!

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with a healthy offspring

Dr Townsend My wife being greatly distressed by weakness and general debility, and suffering continually by pain and sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public M D MOORE

Albany Aug 17 1847 Cor Grand and Lydius st

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching the critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine Nor is it less valuable to those who are approaching woman hood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicine taken for female weakness and disease

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has a perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented

THREE CHILDREN.

Dr Townsend. Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores, have taken some four bottles; it took them away, for which I feel impelled under deep obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster-st.

Capt G. W. McLean, of the U.S. Marine Corps, and member of the New Jersey Legislature, has kindly sent us the following certificate It tells its own story.

Camden, Jan. 25, 1847.

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued using it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration. G. W. McLEAN.
